

18 January 1979

STAT

MEMORANDUM FOR:

FROM:

SUBJECT: Annual Report

1. There is an annual report required for the DCI of actions of the DCI Committees.

2. In this connection, I have tasked [redacted] to start on the report from the Computer Security Subcommittee. He showed me a first cut some time ago. Would you pursue:

STAT

The TSCS has provided a draft report that looks good.

We have nothing from the R&D Subcommittee but you can probably pull something out of the minutes of meetings in 1978 to satisfy.

The reports are supposed to reflect what has been done in connection with meeting the tasks given to the Committee and Subcommittees by charter - DCID 1/11.

This is our first year at doing this and any suggestions for format would be welcome.
